Give us three items you cannot live without and tell us why.

The three items I cannot live without are my Bible, money and phone. First, my Bible is the source of daily food for my soul. It helps me a lot in dealing and coping with the pressures of everyday life. It also gives me directions on how to live and helps me grow and mature. The second item is money because it is needed to acquire things that I need and also to be able to travel. The last item is my phone because, nowadays, it is part of daily living. Most transactions are done through calls, texts, chats, video messaging, and other online processes. So, it might be hard to live if I have no phone.

What advice would you give your 15-year old self?

To my 15-year old self, my advice to you is to continue to obey your parents, and as much as possible, never allow the pressures of life lose your focus. Always open up to your parents because they are the ones who know you the most and wants the best for you. They are disciplining you because they love you. Furthermore, embrace every season that you're in because you cannot take it back once you enter the next chapter of your life. Enjoy your youth while you are young, but do not destroy your future. Lastly, always give God the credit of your success and remember that He makes all things beautiful in His time.
